

Dufour 385 Charter

One of the most popular models from the Dufour Grand' Large range of family-cruising boats, the Dufour 385 offers very generous volumes both on & below deck, with all the comfort features & sailing performance expected from blending a class Italian designer Umberto Felci & a renown French builder as Dufour. The wide beam with 2 steering wheels gives you the comfort you need outside. Below deck you will find a layout with 3 cabins and 2 bathrooms.

Algarve - South Portugal – Europe
 The last safe haven on the way to the Mediterranean

Surrounded by some of the most beautiful beaches of Europe, the Marina de Portimão, has assumed the leading position in Portugal as a preferential super-yacht destination up to 50 meters.

Located in the safest harbour of the country, at the Arade river estuary, with over 25-hectares, Marina de Portimão is framed by the historical forts of Santa Catarina and São João, and affords excellent back-up facilities. The water in the marina is deep, so the vessels can come and go at any time of the tide. It also has a wide entrance and plenty of room for manoeuvring, protected from the prevailing winds.

How to find us

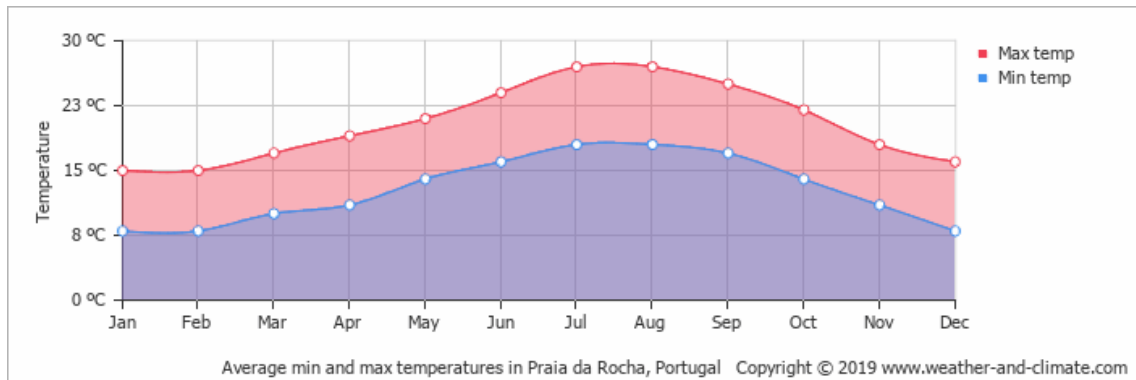

Access by Land

Situated in the west of the Algarve, 45 minutes away from Faro International Airport and around 2 hours away from Lisbon or Seville, the "Marina de Portimão" enjoys a privileged location on the mouth of the Arade River.

From Faro Airport

On Leaving Faro Airport take the signposted for E.N. 125 and follow the directions for IP1 - *Via do Infante* towards Portimão/Lisboa. Take the first turning for Portimão/Albufeira/Lisboa and then follow the sign for Portimão (A22). Exit towards Portimão Centro/Praia da Rocha and continue on through the tunnel at Cardosas. This will take you directly to Praia da Rocha, passing Continente and Macdonalds the first roundabout after the tunnel. Continue straight on until the third roundabout, with the fountains. Turn left and continue to the end. At this roundabout take the second right and follow the signs for the Marina de Portimão.
